

Postdoctoral Scholars and Handshake

Handshake is a university-wide position posting system. Employers post part-time and full-time jobs, internships, co-ops, and other career-building opportunities on Handshake.

To participate in interviews scheduled through Handshake, virtual events like employer info sessions or virtual career fairs, having a Handshake account is critical.

If you are listed as Postdoctoral Scholar or Postdoctoral Scholar-NRSA in WorkDay, then you are eligible for a FREE Handshake account. To request your FREE Handshake account, you will need to:

- Email Buckeye Careers at Handshake@osu.edu
 - Put “Postdoc requesting a Handshake account” in the subject line
- Provide your full name, department, and your employee ID (*the 9-digit number on your Buck ID*) in the body of the message
 - Please allow several days for your account request to be processed
