

# Annual Report

## 2023-2024

All data presented represents students of the College of Arts and Sciences

### A message from the Assistant Dean , Tricia Zelaya-Leon

During this academic year, the Center for Career and Professional Success has set new benchmarks in empowering Arts and Sciences students towards their professional aspirations. Marked by unprecedented growth of our Match Mentor program, promising engagement with our new Career Studio initiative, and a sustained commitment to providing financial support for career-building opportunities via the Career Accelerator Fund, the Career Success team strives to offer high-impact services and resources that help students access personalized guidance and unlock their full potential.

Additionally, we are thrilled to welcome new members to our dedicated team, each bringing a wealth of expertise and passion to further enhance our services and support offerings. Their enthusiasm and commitment are invaluable assets as we continue to expand our reach and effectiveness in guiding students towards fulfilling and rewarding careers.

As we celebrate these achievements, we remain steadfast in our mission to empower students to navigate the ever-evolving landscape of the professional world with confidence and resilience. Together, we look forward to building on this momentum, embracing new opportunities, and shaping a future where every student's career aspirations are realized.

Thank you for joining us on this transformative journey.
