## OVERVIEW

This semester, The Ohio State University Center for Career and Professional Success supported students through personalized coaching, meaningful connections, and access to key opportunities. Our team delivered scalable services across appointments, workshops, career fairs, and immersive programs that helped students build confidence and move forward in their academic and professional goals.

- ✓ Student engagement remained strong across all appointment types, which reflects a consistent need for personalized career support and academic-to-career guidance.
- ✓ Employer involvement continued to grow, creating more access for students to explore industries and connect with opportunities that align with their goals.
- ✓ Partnerships with faculty and student organizations helped extend Career Success services across campus, which supported a more collaborative and inclusive approach to student preparation.

# COACHING

Career coaching provides students with individualized support as they explore majors, clarify goals, and prepare for internships and full-time roles. Coaches help students identify strengths, review materials, and build strategies that support academic and professional progress.

**646**

total coaching appointments delivered

**511**

unique students served across the semester

**1-on-1**

coaching remained a primary entry point for career readiness

**CAREER SUCCESS**

# EVENTS AND TREKS

Career Success engages students through events, career fairs, workshops, and treks that connect them with employers, alumni, and industry communities. These experiences help students explore career paths, build skills, and gain clarity about their next steps. These offerings reflect the work that supports student preparation across the college.

**2,224**

total student check-ins across all career fairs

**260**

trek participants engaged with Career Success

**281**

employers participated across seven career fairs

**40**

collaborations and 22 completed workshops

# CAREER STUDIO

Career Studio services offer flexible, drop-in support for resume and cover letter reviews, profile photos, and internship or job search questions. The Studio helps students take action immediately through quick, practical guidance.

**475**

total Studio appointments completed

**279**

resume and cover letter reviews made up the largest service

**409**

unique students used Studio services

**421**

appointments occurred in the Studio and 54 at the Fairs

# ADDITIONAL DATA

Career Success supports students through additional services that strengthen readiness across the college. These include the Match Mentor Program, Handshake profile development, and our Career Courses.

- 71% of students completed their Handshake profiles.
- 137 total Match Mentor mentee participants.
- 54 students participating in the Career Success Courses.
